Maintenance tasks

Boat Console - exported 2026-11-25

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
67	Annual extinguisher inspection / service	Fire extinguishers & fixed system	Survey / certification	365		2026-05-27			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
25	Battery capacity test	House battery bank	Test	365		2026-11-11			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
30	Change HP pump oil	Watermaker	Service	365	500.0	2025-11-12	776.0		Typical interval - confirm against the manufacturer's manual and adjust.	Pump oil	Normal	Jamie Cole	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
1	Change engine oil and oil filter	Main engine	Service	365	250.0	2025-11-21	3177.0		1. Run engine to warm the oil, then stop. 2. Pump out oil via the sump pump. 3. Replace filter (pre-fill if mounted upright, oil the seal). 4. Refill to the mark, run, check for...	Oil filter, engine oil, rags, oil absorbent pads	Normal	Alex Moreno	1
9	Change gearbox oil	Main engine	Service	365	500.0	2025-12-01	2927.0		Typical interval - confirm against the manufacturer's manual and adjust.	Gearbox oil	Normal	Jamie Cole	1
15	Change generator oil and filter	Generator	Service	365	250.0	2025-10-23	6613.0		Typical interval - confirm against the manufacturer's manual and adjust.	Oil filter, oil	Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
41	Change hydraulic oil and filters	Hydraulic power pack	Service	730	1000.0	2025-08-01			Typical interval - confirm against the manufacturer's manual and adjust.	Hydraulic oil, filters	Normal	Jamie Cole	1
28	Change watermaker pre-filters	Watermaker	Replacement	30		2026-10-31			Change sooner if pressure differential rises. Typical interval - confirm against the manufacturer's manual and adjust.	Pre-filter cartridges	Normal	Sam Taylor	1
55	Change windlass gearbox oil	Anchor windlass & ground tackle	Service	730		2026-08-13			Typical interval - confirm against the manufacturer's manual and adjust.	Gear oil	Normal	Sam Taylor	1
73	Check EPIRB battery and registration expiry	EPIRB, PLBs & AIS MOBs	Inspection	365		2026-07-03			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
24	Check battery terminals, connections and condition	House battery bank	Inspection	90		2026-11-12			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
27	Check charger/inverter settings, fans and connections	Battery chargers & inverter	Inspection	365		2026-05-20			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
81	Check compass deviation	Navigation electronics	Inspection	730		2024-11-21			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
14	Check engine alignment and mounts	Shaft, seal & propeller	Inspection	730		2026-03-15			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
76	Check first aid kit and medical stores	Flares & first aid	Inspection	90		2026-10-08			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
75	Check flares expiry	Flares & first aid	Inspection	90		2026-08-28			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
58	Check hatch/portlight seals and hinges	Hatches & portlights	Inspection	365		2025-11-22			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
35	Check pressure pump and accumulator pre-charge	Fresh water system	Inspection	365		2026-03-13			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
26	Check start batteries and connections	Start batteries	Inspection	90		2026-10-04			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
10	Check valve clearances	Main engine	Service		1000.0	2025-12-03	2427.0		Per manual - often contractor. Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
37	Clean air handler filters	Air conditioning	Cleaning	30		2026-11-03			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
40	Clean condensers and check door seals	Fridges & freezers	Cleaning	90		2026-09-05			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
7	Clean heat exchanger and aftercooler	Main engine	Cleaning	730	1000.0	2024-11-05	2400.0		Typical interval - confirm against the manufacturer's manual and adjust.	Gaskets / O-rings	Normal	Alex Moreno	1
48	Crew aloft inspection (pins, rings, terminals, lights)	Standing rigging	Inspection	90		2026-09-23			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
39	Descale raw-water condenser coils	Air conditioning	Cleaning	365		2026-05-19			Typical interval - confirm against the manufacturer's manual and adjust.	Descaling solution	Normal	Jamie Cole	1
62	Descale toilet discharge lines	Heads & black water	Cleaning	90		2026-07-27			Typical interval - confirm against the manufacturer's manual and adjust.	Descaler	Normal	Jamie Cole	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
64	Exercise every seacock	Seacocks & through-hulls	Test	30		2026-10-09			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
68	Fixed fire suppression system service	Fire extinguishers & fixed system	Survey / certification	365		2026-04-02			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
77	Gas system leak test and inspection	LPG / gas system	Test	365		2026-06-09			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
21	Generator full service by technician	Generator	Service	730		2026-06-23			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
83	Haul-out: antifouling	Hull & keel	Service	365		2025-11-27			Typical interval - confirm against the manufacturer's manual and adjust.	Antifouling	Normal	Jamie Cole	1
31	Inspect / clean or replace membranes	Watermaker	Inspection	365		2025-11-28			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
4	Inspect / replace drive belts	Main engine	Inspection	365	500.0	2026-07-08	3120.0		Check tension and condition; replace if cracked or glazed. Typical interval - confirm against the manufacturer's manual and adjust.	Drive belts	Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
56	Inspect anchor chain, swivel, shackle; end-for-end chain	Anchor windlass & ground tackle	Inspection	730		2024-11-02			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
46	Inspect autopilot drive, mounting and connections	Autopilot	Inspection	365		2026-05-07			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
11	Inspect exhaust elbow / mixing elbow and hoses	Main engine	Inspection	365		2026-10-24			Look for corrosion, carbon build-up, cracks, hose deterioration. Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
19	Inspect generator belts	Generator	Inspection	365	500.0	2026-03-23	6601.0		Typical interval - confirm against the manufacturer's manual and adjust.	Belt	Normal	Jamie Cole	1
63	Inspect holding tanks, vents and hoses	Heads & black water	Inspection	180		2026-07-24			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
42	Inspect hydraulic hoses, fittings and rams	Hydraulic power pack	Inspection	365		2026-04-05			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
85	Inspect keel/hull joint and keel bolts	Hull & keel	Inspection	365		2025-11-22			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
13	Inspect propeller, shaft anode and cutless bearing (haul-out)	Shaft, seal & propeller	Inspection	365		2026-07-19			Typical interval - confirm against the manufacturer's manual and adjust.	Shaft anode, prop grease	Normal	Jamie Cole	1
44	Inspect rudder bearings and stock (haul-out)	Steering system	Inspection	365		2026-06-29			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
50	Inspect running rigging for chafe; end-for-end where needed	Running rigging	Inspection	180		2026-08-12			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
12	Inspect shaft seal and burp/lubricate	Shaft, seal & propeller	Inspection	30		2026-11-01			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
22	Inspect shore power cable, plugs and inlet	Shore power & isolation transformer	Inspection	90		2026-09-30			Look for heat damage, corrosion and cuts. Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
43	Inspect steering gear, quadrant, linkages and bolts	Steering system	Inspection	180		2026-07-19			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
87	Inspect tender tubes, valves and davit/lifting gear	Tender & outboard	Inspection	180		2026-07-29			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
57	Inspect thruster anode, propeller, motor and brushes	Bow thruster	Inspection	365		2026-10-22			Typical interval - confirm against the manufacturer's manual and adjust.	Thruster anode	Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
36	Inspect water heaters, anode and relief valve	Hot water heaters	Inspection	365		2026-10-14			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
74	Lifejacket service / inspection (cylinders, auto-inflators)	Lifejackets & harnesses	Inspection	365		2026-10-16			Typical interval - confirm against the manufacturer's manual and adjust.	Rearming kits	Normal	Alex Moreno	1
70	Liferaft service (per manufacturer - 12 or 36 months)	Liferaft(s)	Survey / certification	365		2026-04-28			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
86	Outboard service (oil, gear oil, impeller, plugs)	Tender & outboard	Service	365	100.0	2026-10-19	273.0		Typical interval - confirm against the manufacturer's manual and adjust.	Service kit	Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
59	Polish fuel / inspect tank bottoms	Fuel tanks & separators	Service	365		2026-07-16			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
45	Practise / check emergency tiller	Steering system	Test	365		2026-06-09			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
34	Replace UV steriliser lamp	Fresh water system	Replacement	365		2026-06-08			Typical interval - confirm against the manufacturer's manual and adjust.	UV lamp	Normal	Sam Taylor	1
5	Replace air filter	Main engine	Replacement	365	500.0	2026-03-21	3160.0		Typical interval - confirm against the manufacturer's manual and adjust.	Air filter element	Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
29	Replace carbon (flush) filter	Watermaker	Replacement	90		2026-10-13			Typical interval - confirm against the manufacturer's manual and adjust.	Carbon filter	Normal	Alex Moreno	1
8	Replace coolant	Main engine	Replacement	730	2000.0	2025-11-04	2473.0		Typical interval - confirm against the manufacturer's manual and adjust.	Coolant	Normal	Sam Taylor	1
33	Replace drinking water filters	Fresh water system	Replacement	90		2026-10-04			Typical interval - confirm against the manufacturer's manual and adjust.	Filters	Normal	Jamie Cole	1
6	Replace engine sacrificial anodes (zincs)	Main engine	Replacement	180		2026-05-27			Check heat exchanger/cooler anodes; replace when 50% wasted. Typical interval - confirm against the manufacturer's manual and adjust.	Engine anodes	Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
2	Replace fuel filters (primary & secondary)	Main engine	Replacement	365	500.0	2026-05-22	3300.0		Close fuel valves, change elements, refill/bleed per manual, run and check for leaks. Typical interval - confirm against the manufacturer's manual and adjust.	Primary filter element, secondary filter	Normal	Jamie Cole	1
78	Replace gas hoses	LPG / gas system	Replacement	1825		2024-04-30			Typical interval - confirm against the manufacturer's manual and adjust.	Gas hoses	Normal	Alex Moreno	1
18	Replace generator anodes	Generator	Replacement	180		2026-05-31			Typical interval - confirm against the manufacturer's manual and adjust.	Anodes	Normal	Jamie Cole	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
20	Replace generator coolant	Generator	Replacement	730	2000.0	2026-02-04	6286.0		Typical interval - confirm against the manufacturer's manual and adjust.	Coolant	Normal	Jamie Cole	1
16	Replace generator fuel filters	Generator	Replacement	365	500.0	2026-08-06	6678.0		Typical interval - confirm against the manufacturer's manual and adjust.	Fuel filters	Normal	Jamie Cole	1
17	Replace generator raw-water impeller	Generator	Replacement	365	1000.0	2026-06-09	6736.0		Check all vanes present. Typical interval - confirm against the manufacturer's manual and adjust.	Impeller kit	Normal	Sam Taylor	1
84	Replace hull anodes	Hull & keel	Replacement	365		2026-06-01			Typical interval - confirm against the manufacturer's manual and adjust.	Hull anodes	Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
71	Replace hydrostatic release unit (check date)	Liferaft(s)	Replacement	730		2026-08-28			Typical interval - confirm against the manufacturer's manual and adjust.	HRU	Normal	Jamie Cole	1
3	Replace raw-water pump impeller	Main engine	Replacement	365	1000.0	2026-06-25	3328.0		Close seacock. Remove cover, pull impeller, check ALL vanes are present (missing vanes end up in the heat exchanger). Fit new impeller with glycerine, new gasket/O-ring. Open se...	Impeller kit, gasket	Normal	Alex Moreno	1
47	Rig inspection by professional rigger	Standing rigging	Survey / certification	365		2026-08-13			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
52	Sail inspection and repair by sailmaker	Sails	Inspection	365		2025-11-24			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
32	Sanitise fresh water tanks	Fresh water system	Cleaning	180		2026-06-09			Typical interval - confirm against the manufacturer's manual and adjust.	Tank sanitiser	Normal	Jamie Cole	1
72	Self-test EPIRB, PLBs and AIS MOB beacons	EPIRB, PLBs & AIS MOBs	Test	30		2026-11-09			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
65	Service / inspect seacocks and hose clamps (haul-out)	Seacocks & through-hulls	Service	365		2026-08-21			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
38	Service by refrigeration technician	Air conditioning	Service	365		2025-11-28			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
51	Service furlers (headsail, staysail, in-mast/in-boom)	Furlers	Service	365		2025-11-11			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
61	Service heads (joker valves, seals)	Heads & black water	Service	365		2025-12-05			Typical interval - confirm against the manufacturer's manual and adjust.	Head service kits	Normal	Jamie Cole	1
53	Service winches (strip, clean, lubricate)	Winches	Service	180		2026-08-21			Typical interval - confirm against the manufacturer's manual and adjust.	Winch grease, pawl oil, spare pawls & springs	Normal	Sam Taylor	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
54	Service windlass (grease, check clutch, brake)	Anchor windlass & ground tackle	Service	180		2026-10-28			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
49	Standing rigging replacement / re-head (check insurer requirements)	Standing rigging	Replacement	3650		2020-01-30			Interval depends on rig type and use. Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
60	Tank inspection and cleaning	Fuel tanks & separators	Cleaning	1825		2023-07-11			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Sam Taylor	1
23	Test RCD/GFCI breakers	Shore power & isolation transformer	Test	90		2026-08-25			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
79	Test VHF/DSC and AIS transmission	VHF / DSC radios & AIS	Test	30		2026-11-05			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
82	Test all navigation lights	Navigation lights	Test	30		2026-11-05			Typical interval - confirm against the manufacturer's manual and adjust.	Spare bulbs	Normal	Sam Taylor	1
66	Test bilge pumps, float switches and high-water alarms	Bilge pumps & alarms	Test	30		2026-11-11			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1
69	Test smoke, heat, CO and gas detectors	Fire extinguishers & fixed system	Test	30		2026-10-27			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Alex Moreno	1

id	Task	Equipment	Type	Every days	Every running hours	Last done (date)	Last done (hours)	Next due (fixed date)	How to do it	Parts & consumables needed	Priority	Responsible	Active
80	Update charts and software	Navigation electronics	Service	90		2026-09-16			Typical interval - confirm against the manufacturer's manual and adjust.		Normal	Jamie Cole	1
